JYOTIRMOYTM

EDUCATION & WELFARE FOUNDATION

ANNUAL BULLETIN

INTERNAL CIRCULATION ONLY

SECOND EDITION
2026

Dear Colleagues,

When I pause to reflect on the journey that began in 2003 with the establishment of Jyotirmoy Education & Welfare Foundation, I feel a deep sense of gratitude and humility.

What started as a modest aspiration — to establish an English-medium primary school in Sonarpur — has grown into a movement that today touches thousands of lives.

In 2004, Jyoti Shishu Vihar began its journey at Ghasiara with just forty-two students. The early years were filled with hope, but they were not without struggle. There were financial limitations, infra-structural challenges, and moments of uncertainty. Yet, even in those testing times, there was one unwavering belief — that quality education must reach those who are often deprived of it.

Step by step, through perseverance and faith, that belief gained strength.

Today, with established campuses at Sonarpur, Oodlabari, and Park Circus, along with our expanding network of Jyoti Shishu Vihars and Jyotirmoy Shishu Vihars in interior and underserved areas, we see how a single aspiration has evolved into a collective impact. These institutions stand not merely as centres of learning, but as symbols of trust, resilience, and shared commitment.

This year's theme — "Ambition driven by I, evolved into Impact created by We" — truly reflects our journey. Every institution begins with an individual conviction. But it is only when that conviction is embraced by many that it transforms into meaningful and lasting impact.

Throughout this journey, we have remained committed to functioning in a manner that is legally correct, morally correct, and ethically correct. Growth has never been our only objective; integrity has been equally important. We believe that education must be built not only on infrastructure and curriculum, but also on values and responsibility.

At the heart of everything we do lies our guiding motto — "Equal Educational Opportunities For All."

This is not simply a phrase; it is our promise. From the beginning, we chose to serve peripheral and interior regions because we believe true fulfilment lies in bridging the gap of affordability and accessibility. Excellence should not be a privilege of geography or financial capacity; it should be a right.

There have been highs and lows, successes and setbacks. But through every phase, the collective strength of our team has sustained us. What may have begun as one individual's ambition has flourished because of the dedication, resilience, and unity of all of you.

As we move forward, our responsibility deepens. Let us continue to grow with integrity, to lead with compassion, and to act with collective purpose. Let us ensure that every step we take remains aligned with our principles and our promise.

Together, we will continue to transform ambition into impact.

With gratitude and renewed commitment,

Dr. Partha Sarathi Ganguli

Founder Trustee and President, JEWf

I am very happy to be a part of the 13th Annual Conference of JEWf. It has been an eventful journey going from a small group of participants to an organization of almost 400 people and counting.

Although I am not involved in the day-to-day activities of the organization, I have watched with pride its growth into the inspiring edifice that it has become. I wish each and every one of you a long and fruitful relationship with JEWf. I sincerely hope that whatever you learn here will carry you forward to greater glories in the future.

Vanita Ganguli

Trustee, JEWf

Education is the kindling of flame, not the filling of a vessel. - Socrates

The Jyotirmoy Education and Welfare Foundation not only illuminates the path for aspiring individuals toward their future

ambitions but has also developed into a credible educational brand serving the underprivileged section of society.

It has established itself as an educational group with multiple locations and various branches within the state. We are gradually but surely establishing a well-founded financial stability. I wholeheartedly thank the team members of the Jyotirmoy group, including teachers, admin staff, chauffeurs, janitors, and others. Their unwavering contributions have paved our way to growth.

For us, it is a herculean task to communicate and coordinate among branches while maintaining parity and considering the geo-social environment. Our work process needs to be digitalized and automated to assist in providing a synchronized presentation of tasks. We have to engage ourselves in this difficult process of change. We all must collaborate to accomplish this by the year 2026.

Culture isn't a concept on our walls, it is the heartbeat of our daily lives. It is built in the small moments: the feedback we give, the stories we share, and the way we show up for one another.

Dear Colleagues,

It gives me immense pride to share that Saraswati Infracon India Limited continues to stand firmly beside you in your mission of creating Equal Educational Opportunities for All, especially across rural West Bengal.

This financial year, we completed the temporary building of Jyotirmoy Public School – Oodlabari within just 100 days, and the permanent structure is progressing steadily for completion within the year. Work has also begun on the Jyotirmoy Sports Complex at Jyotirmoy Public School – Park Circus, Kolkata. Additionally, a swimming pool at Jyotirmoy Knowledge Park will soon be ready for our students.

We are dedicated to creating strong foundations where dreams are nurtured and futures are shaped. On behalf of all my colleagues,

Samarjit Ganguli

Director, SIL (Infrastructure Department)

This year has been a landmark chapter for Jyotirmoy Education & Welfare Foundation as we proudly established two new institutions — Jyotirmoy Public School, Oodlabari and Jyotirmoy Public School, Park Circus. It is especially gratifying to witness the remarkable growth in admissions at Oodlabari within its very first year, reflecting the strong faith and trust of the community.

Our Sonarpur campus and the Jyoti Shishu Vihars at Ghasiara, Minakhan, Canning, Hotar and Ramchandrapur have also continued to progress steadily, strengthening our academic footprint.

This collective growth reaffirms our commitment to quality education and equal educational opportunities for all, as we move forward with responsibility, vision and purpose.

Priyanka Chatterjee

Director, Sales and Marketing

During the year, I worked across all Shishu Vihars, JPS Oodlabari, and selected academic and operational areas of JPS Park Circus with a clear focus on system strengthening and academic consistency. Key priorities included academic planning, classroom monitoring, teacher mentoring, and effective implementation of curricular and co-curricular programs. Emphasis on

discipline, value education, activity-based learning, and transparent parent communication contributed to improved classroom practices, student confidence, and parent trust.

Significant progress was achieved in supporting both established and emerging units, ensuring alignment with institutional vision, academic benchmarks, and professional standards.

Looking ahead, I plan to implement a structured Standard Operating Procedure (SOP) for the new academic session to bring clarity in roles, timelines, and processes across all units. This will be complemented by targeted teacher leadership development, strengthened assessment frameworks, and purposeful integration of technology to ensure operational efficiency, academic quality, and sustainable institutional growth.

Ms. Pamela Mukherjee

Director-Elementary School Education

Jyotirmoy Public School, Park Circus, is the youngest member institution of our family. This is another testament to our commitment to providing Equal Educational Opportunities For All. to create a holistic learning experience for the students. We aim to continue the support and guidance that we provide at our other branches to effectively prepare students for greater challenges after their school life. Jyotirmoy Public School, Park Circus

I take immense pride in how far we have come from our very humble beginnings. What started as a vision built from the ground up is now transforming into a vibrant learning community filled with enthusiasm, dedication, and prom-ise. At present, we have a smaller number of students, which allows us to give personal attention to each child and build a strong academic and moral foundation. However, I am confident that in the coming years our classrooms will be filled with many more students as families recognize the quality education and values we offer. Every class-room we build, every teacher we appoint, and every student we nurture strengthens our foundation. With our com-mitment to academic excellence, character development, and innovative teaching methods and we are equally committed to promoting sports and physical education, understanding that true education balances mind and body. I firmly believe our school has the potential to rise to great heights and establish itself as one of the finest institutions among the leading schools in the area. Our journey has just begun, and the future holds tremendous growth and success.

Young Hearts Club

Jyotirmoy Young Hearts Club was born from a moment that touched my heart deeply. During the pandemic, I saw the silent loneliness and fear many seniors carried, and I knew they deserved so much more.

This is not just a luxury senior living community; it is a home filled with warmth, respect and compassion. With round-the-clock care, thoughtful comforts and meaningful companionship, we ensure our elders live with dignity and joy.

Guided by Dr. Partha Sarathi Ganguli, our vision is to help every senior rediscover peace, purpose and happiness — because at Young Hearts Club, they are not residents, they are family.
